

## INSTRUCTIONS FOR CLEANING THE YEAGARUP HUT

Use of the Yeagarup Hut requires that the facilities are to be left in a clean and tidy condition. Cleaning products, materials and tools are provided and are found in the locked Cleaning Room. Chemical products are in the lockable steel cabinet inside this room. The key to the cabinet is to be found hanging on the hook to the right of the cleaning room door. Please return the key to this position *immediately* after relocking the cabinet. Keep the cabinet locked at all times to minimise the opportunity for small children to access the cleaning chemicals. The door to the cleaning room should be kept locked as well.

***The following instructions outline what is required to ensure that Yeagarup Hut is left in a clean and tidy condition for the next visitor to enjoy.***

### Hut Clean Up

#### Kitchen Area

- Wipe clean the kitchen benches and sink, paying particular attentions to spills and stains.
- Sweep the entire floor area
- Using the bucket and mop, mop the entire floor area (this will require more than one bucket of clean water)

#### BBQ

- Scrape excess oil/fat and food scraps from the BBQ plate
- Clean the plate with the cleaning products provided and newspaper
- Wipe the side shelves clean
- Close the lid and replace the BBQ back into the Cleaning room (Do not cook inside the cleaning room)
- Please advise if you have used the second gas bottle and/or the bottle is low/empty

#### Sleeping area / storerooms

- Using the cobweb brush, remove any cobwebs
- Sweep the entire floor area of both sleeping areas
- Using the bucket and mop, mop the entire floor area.

#### Bathroom

- Wipe clean the walls and floor of the shower recess including any soap or shampoo splashes on the walls
- Remove all soaps & shampoos
- Sweep the entire floor area
- Using the bucket and mop, mop the entire floor area.

## **Toilets**

- Wipe toilet seats/lid/pedestal clean
- Replace water in the toilet scrub buckets with clean water and add a lid of 'toilet blue' solution (only half fill the buckets)
- Check toilet paper, there is more in the cleaning room storage cupboard. Please advise if the toilet rolls are running low.
- Sweep the entire floor area (including the veranda)
- Using the bucket and mop, mop the entire floor area.

## **Hut surrounds**

- Ensure the surroundings of the hut are free from litter
- Check for litter that may have been wind blown into surrounding bushland
- If you have had a fire in the fire ring, ensure you have not left any partially burned litter, take it out and put it in your rubbish bag.
- Please take all your rubbish with you.
